

VUMAP "Land information when you need it!"

VuMAP is a subscription-based online mapping application. With VuMAP you can view valuable geospatial information such as parcel fabric, contours, and lots & concessions boundaries, layered on top of high-quality high-resolution aerial imagery. VuMAP employs the Google Maps API to provide the quickest and most efficient method of accessing geospatial data across the Internet.

WIDELY USED BY REALTORS, LAW FIRMS, ENGINEERING FIRMS, INSURANCE COMPANIES, ARCHITECTS, PLANNERS

Benefits

- Extremely easy to use
- Affordable - you choose the subscription period & area
- Imagery & datasets are continuously updated
- Self-serve - get the information you need when **you** need it
- Unlimited access for duration of subscription

Tools and Features

- Drawing
- Measurement
- Annotation
- Query
- Print Formatting
- Advanced Layer Controls
- Save View

Imaging Earth is our expertise. A wholly-owned subsidiary of J. D. Barnes Limited, (founded in 1960), First Base Solutions has been providing geospatial products and services that include digital aerial image acquisition, orthophotography, and rapid production of cityscapes comprising tens of thousands of precision 3D models. We also develop web e-commerce mapping applications and offer Google Earth Enterprise as one of only three Google geospatial partners worldwide and the first outside the USA.
