CHANGING VIEWS TO GET A BETTER PERSPECTIVE

IMPROVE THE GUEST EXPERIENCE THROUGH BETTER FACILITY MANAGEMENT

Your business is customer-centric by nature and you want to offer value for money when guests come to your facility. By improving behind the scenes facility management processes, your resources can be put towards public facing operations that set your business apart from the competition.

CHALLENGE

You're not just selling a service, you're selling an experience. Next season's sales depend on bringing exciting new service enhancements to your customers today to generate

rave reviews and repeat business tomorrow. VuMAP provided by First Base Solutions (FBS) gives you tools to improve the guest experience through better facility management.

SOLUTION

VuMAP gives you access to map-scaled aerial imagery and other geographic data bundled into an easy to use online application. Scenic spots, trees, trails, gardens, water features, pavilions... whatever assets are on your property go through annual maintenance routines and improvements. VuMAP can help you keep an inventory of what you have and keep track of what condition it's in. You can address deficiencies early to keep your property

in tip top shape, and avoid putting your guests at risk. Do you rent your facility for groups or events? VuMAP makes it easy to plan various arrangements of outdoor seating and infrastructure setup over high resolution imagery. VuMAP helps set clear expectations for customers of what they're getting and allows venues to cater to a wide range of events and requirements. The visual aspect of the event plan helps your staff too!
